It is specifically understood that neither I, as a resident of MVSL, nor any member of my family, will attempt to hold MVSL responsible for injuries resulting from slips or falls that may occur in any part of the building or on any part of the grounds of the home.

Slips and falls are a potential hazard to all people in their home or elsewhere. This hazard is greater for older people and, in recognition of this fact; every possible precaution has been taken in the construction of this building to reduce this hazard. However, it must be understood and accepted by the resident and the family that the hazard cannot be completely eliminated.

It is also understood that MVSL cannot be responsible for the loss of valuables. This facility encourages the residents not to bring valuables with them but does provide a safe place for funds to be held. All due precautions are taken to safeguard the possessions of residents, but due to the nature of the facility, MVSL cannot assume responsibility for the valuables in possession of the residents unless left in the office of the facility.

I further understand that I will enter MVSL on a probationary basis. This will give me the opportunity to see if communal living is what my condition requires.

In the event applicant is unable to remain at MVSL because of any condition for which MVSL is unable to give proper care; because the applicant does not fit into group living from a psychological standpoint; or for any other reason causing the director of MVSL to feel the applicant cannot be permitted to remain, I as the responsible party assume full responsibility for removing the applicant upon notice from the President of the Board of Directors.

A resident's estimated Medicaid liability shows what the resident's family is expected to pay each month from the resident's resources while the resident is on pending status for Medicaid. Liability is the part of the room cost Medicaid does NOT cover. It MUST be paid by the resident/responsible party out of the resident's resources. Once Medicaid is approved, the Medicaid office will set the official liability for the resident. This amount must be paid each month by the 10<sup>th</sup> as long as the resident is living in this facility. If the responsible party fails to complete the Medicaid process, or if the resident is turned down by Medicaid for any reason, the charges will be flipped to private pay until the balance is paid in full. It is the responsible party's task to keep up with the Medicaid process and to get all required information in a timely manner.

THE RESIDENT'S PRORATED LIABILITY MUST BE PAID UPON ADMISSION TO THE FACILITY OR THE RESIDENT WILL NOT BE ACCEPTED TO STAY AT THIS FACILITY.

If you have any questions regarding the Medicaid liability, or the Medicaid process itself, feel free to speak to the Admissions Coordinator before the admission process begins.
